

POINT SYSTEMS SUPPORT SERVICES

Subject to your procurement of Support Services (as defined herein), these Support Services terms (the "Support Terms") shall govern Point Systems' provision of Support Services to you ("Customer") pursuant to the level of Support Services that you have procured or are otherwise entitled to.

1. DEFINITIONS

In these Support Terms, capitalized terms not defined herein shall have the definition given such term in the Agreement:

"Agreement" means the applicable agreement(s) that provide you with access to the Service.

"Alternative Solution" means a solution or correction to an incident that allows the Service to function substantially in accordance with the User Guides.

"Authorized Contacts" means the named Customer employees or authorized agents who: (i) have sufficient technical expertise, training and/or experience with the Service to perform the Customer's obligations under these Support Terms; (ii) are responsible for all communications with Point Systems regarding these Support Terms, including case submission and Incident reports; and (iii) who are authorized by Customer to request and receive Support Services for the Service on behalf of the Customer.

"Business Days" are Monday to Friday during Normal Support Hours, excluding Point Systems company holidays.

"Enhancement Request" means a request by Customer to add functionality or enhance performance beyond the specifications of the Service and are not included as part of Support Services.

"First Level Support" means any support relating to calls from Customer's customers, end users or affiliates or general resolution of user errors, network errors, provisioning errors or Internet delays or malfunctions.

"Incident" means a single support question or reproducible failure of the Service to substantially conform to the functions and/or specifications as described in User Guides and reported by an Authorized Contact.

"Normal Support Hours" are 8:00 a.m. to 6:00 p.m. on Business Days in the time zone of the address for the Company's headquarters listed on the Agreement.

"Response Time" means the targeted time period within which Point Systems will use commercially reasonable efforts to contact Customer to acknowledge receipt of an Incident report and to engage an appropriately skilled support resource, commencing from the time that Point Systems receives all required information as specified in Section 4.2. Response Times are measured during Normal Support Hours.

"Severity Level" means the Severity Levels 1-4 as defined below:

"Severity Level 1 (Critical)" means an Incident where Customer's production use of the Service is stopped or so severely impacted that the Customer cannot reasonably continue business operations. It may result in a material and immediate interruption of Customer's business operation that will cause a loss of Customer data and/or restrict availability to such data and/or cause significant financial impact.

"Severity Level 2 (Significant)" means an Incident where one or more important functions of the Service are unavailable with no acceptable Alternative Solution. Customer's implementation or production use of the Service is continuing but not stopped; however, there is a serious impact on the Customer's business operations.

"Severity Level 3 (Less Significant)" means an Incident where: (a) important Service features are unavailable but an Alternative Solution is available, or (b) less significant Service features are unavailable with no reasonable Alternative Solution. Customers experience a minor loss of business operation functionality and/or an impact on implementation resources.

"Severity Level 4 (Minimal)" means an Incident that has a minimal impact on business operations or basic functionality of the Service.

"Point Portal" is the online support portal that is accessible 24x7.

"Support Services" means the English language support services for the Service provided by Point Systems under the terms set forth herein, but do not include First Level Support or Enhancement Requests. Support Service levels include Silver and Gold. Customer's level of Support Services shall be determined by the level of Support Services that such Customer has procured or is otherwise entitled to.

"Silver Support" is Point System's basic Support Services described herein.

"Gold Support" means Point System's highest level of Support Services. If Customer is entitled to Gold Support, Customer will have access to a customer support representative who may access the Service through Customer's account for Support Service resolution issues only. To obtain Gold Support, Customer must provide prior authorization for such access and shall assign a user login to the designated Point Systems representative for such purposes. Such assigned login will not be counted against Customer's User subscriptions allowed to access the Service under the Agreement. In addition, Gold Support expands the Normal Support Hours for all Severity Levels to 24x7 coverage.

"Test Case" means Customer's instructions that allow Point Systems to reproduce an Incident.

2. SCOPE OF THE SUPPORT TERMS

2.1 Subject to the terms contained herein, Point Systems shall address all Incidents which may arise from Customer's use of the Service in accordance with Sections 4 and 5 below.

2.2 Point Systems shall not have any obligation to provide Support Services with respect to any: (a) adaptations, configurations or modifications of the Service made by the Customer or any third party; (b) First Level Support, which shall be provided by Customer; (c) Enhancement Requests; or (d) any items excluded pursuant to Section 5.

2.3 Point Systems may offer Professional Services to help resolve issues that fall outside the scope of the Support Services. Any Professional Services shall be provided under a separate agreement and shall be subject to the Agreement or Point Systems' then-current consulting fees and terms.

3. TERM AND TERMINATION

Subject to the terms set forth herein, and unless otherwise provided in the applicable Estimate/Order Form or Agreement, the initial term for Support Services will commence on the Effective Date and shall continue for a period of one (1) year. In the event that Customer has not delivered an Estimate/Order Form to Point Systems regarding the upcoming renewal term prior to the expiration of the then current term, the term shall be automatically extended for successive renewal terms of one (1) month each unless either party provides written notice of non-renewal to the other at least thirty (30) days before such expiration. Fees for the Support Services on all subsequent Estimate/Order Forms and renewals shall be set at then current Point Systems pricing, unless otherwise agreed to by the parties.

For the duration of the initial term and any elected renewal term(s) described in this Section 4, Customer shall purchase and maintain the same level of Support Services for all users of the Service (including without limitation any incremental licenses subsequently purchased by Customer). For clarity, Customer may not elect to purchase or renew Support Services for just a portion of its Service or of its users who can access the Service.

In addition to any other rights or remedies Point Systems may have under these Support Terms or the Agreement, if Customer is more than thirty (30) days delinquent in any payment obligation, then Point Systems may, upon written notice to Customer, immediately suspend performance of the obligations set forth in these Support Terms until such delinquency is remedied.

Either party may terminate these Support Terms if the other party breaches a material term of these Support Terms and such breach is not cured within thirty (30) days after written notice thereof from the terminating party. Point Systems shall refund the pro rata portion of fees paid by Customer for Support Services provided pursuant to these Support Terms for the terminated portion of the term. Notwithstanding anything to the contrary herein or in the applicable Agreement, these Support Terms shall terminate upon expiration or termination of the Agreement or expiration or termination of Customer's license to access Service.

4. INCIDENT REPORTING AND RESPONSE TIMES.

4.1 Authorized Contacts. All reports of Incidents must be made to Point Systems by the Authorized Contact(s). The primary method for a Customer to report an Incident is via Point Portal. The foregoing notwithstanding, Customer procuring Gold Support Services may notify Point Systems of Incidents via email or telephone (if Customer's access to Point Portal is unavailable). The Customer may substitute Authorized Contact(s) from time to time by giving Point Systems prior written notice, including the relevant contact information for any new Authorized Contact.

4.2 Required Information. All Incident reports must, if applicable, include the following:

(a) The Customer's identification number which Point Systems shall provide to the Customer soon after the Effective Date of these Support Terms.

(b) A reproducible Test Case that demonstrates the specific usage that causes the Incident being reported.

(c) Exact wording of all related error messages.

(d) A full description of the Incident and expected results.

(e) Any special circumstances surrounding the discovery of the Incident.

Point Systems may share such information and other information about Incidents with its contractors, vendors and/or third party application providers to support Point Systems' provision of the Support Services described herein.

4.3 Severity Levels. Point Systems will work with Customer and will assign the appropriate severity level to all Incidents according to the Severity Level definitions. Severity Levels are assigned to allow prioritization of incoming Incidents. Point Systems may reclassify Incidents based on the current impact on the Service and business operations as described in the Severity Level definitions. In the event Point Systems determines that an Incident is in fact an Enhancement Request, it shall not be addressed under these Support Terms.

4.4 Point Systems' Obligations. Point Systems will make available Support Services access during Normal Support Hours for the Customer to report Incidents and receive assistance. On receipt of an Incident report, Point Systems shall establish whether there is an Incident for which the Customer is entitled to Support Services under these Support Terms and, if so, shall:

(a) Confirm receipt of the Incident report and notify Customer of the Incident case number that both parties must then use in any communications about the Incident.

(b) Work with Customer to set a severity level for the Incident based on the criteria set forth herein.

(c) Analyze the Incident and verify the existence of the problem.

(d) Give the Customer direction and assistance in resolving the Incident pursuant to the terms described herein.

4.5 Response Time Goals.

	Severity 1	Severity 2	Severity 3	Severity 4
Response Time	1 hour	2 hours	8 hours	2 Business Days

4.6 Customer's Obligations. Point Systems' obligation to provide Support Services under these Support Terms are conditioned upon the Customer: (a) paying all applicable fees for Support Services prior to the date the Incident is reported; (b) Customer having valid access to the Service; (c) providing Point Systems with all reasonable assistance and providing Point Systems with data, information and materials as that are reasonably necessary; (d) procuring, installing and maintaining all equipment, telephone lines, communication interfaces and other hardware and software necessary to access the Service; (e) providing all First Level Support; (f) providing appropriate contact information for all Authorized Contacts(s); (g) utilizing Point Portal.

5. EXCLUSIONS FROM SUPPORT SERVICES

Point Systems will not be required to correct any Incident caused by (i) integration of any feature, program or device to the Service or any part thereof; (ii) any non-conformance caused by unauthorized misuse, alteration, modification or enhancement of the Service; or (iii) use of the Service that is not in compliance with the Agreement.

6. WARRANTY
